## ■ 3 uses of clickers / student /audience response systems in a classroom

1

**Assessment**  
- check students' knowledge

2

**Facilitate dialogue**  
- between students, or between a teacher and students

3

Provide students with ways to use mobile devices to learn

– multiple-choice

– open-ended questions for feedback

– establish guidelines, e.g. rules for device use

# How to create a quiz and quiz questions in Kahoots!

The screenshot shows the Kahoot! website interface. At the top, there is a purple navigation bar with the Kahoot! logo, 'Discover', 'Kahoots', and 'Reports' links. A 'Create' button is highlighted with a green box. Below the navigation bar, there is a 'Getting started...' guide with a video player and a list of tips. The main content area is titled 'Create a new kahoot' and features two options: 'Quiz' (represented by a question mark icon) and 'Jumble' (represented by a puzzle piece icon). The right sidebar shows 'STATS' (5 Kahoots, 5 Plays, 0 Shares, 9 Questions, 20 Players, 1 Favs), 'RECENT RESULTS' (a list of recent games), and 'COMMUNITY' links (Read tips on our blog, Join us on Facebook).
