New: AI writing detection

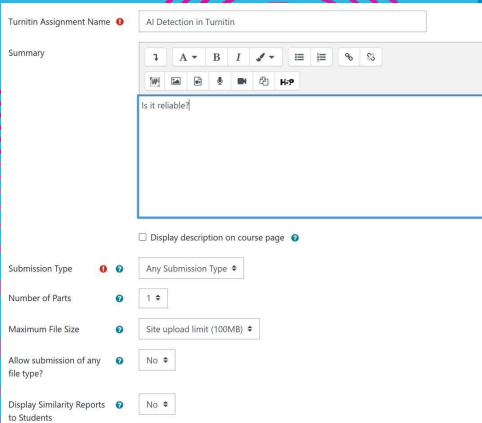

This indicator is part of Turnitin's new AI writing detection functionality. This is being temporarily included in your institution's license to help address the growing use of AI writing in education. We are unable to process the AI writing prediction for the submission as it does not meet our requirements.

Learn more about [AI writing detection functionality](#) and why it may not process for a submission.

Caution: Percentage may not indicate academic misconduct. Review required.
